

Transfigurations of Hellenism: Aspects of Late Antique Art in Egypt, AD 250-700 (Probleme der Agyptologie)

This book deals with the architecture and visual arts in late antique early Byzantine Egypt as an organic part of the art of the Mediterranean region in the period between the 3rd and 8th centuries. The richly illustrated book discusses the survival and transformations of Hellenistic themes and forms in the Roman and late antique periods. It also presents a history of Coptic art history. Transfigurations of Hellenism is an outstanding addition to this scholarship, tracing out in detail the continuity of the Hellenistic tradition in Egyptian art...All scholars of late antiquity will find much of interest in this fine work. Make Oak Ridge Energy Efficient

Our Mission

Make Oak Ridge Energy Efficient (MORE2), in conjunction with the City of Oak Ridge Electric Department, is upgrading the homes of qualified Oak Ridge community members with free energy-efficient equipment, such as new HVAC and water heating units, which lowers electric bills, improves home comfort, and helps the environment.
