

# Contesting Space: Power Relationships and the Urban Built Environment in Colonial Singapore (South-East Asian Social Science Monographs)

This book examines the nature of conflict between the colonial authorities, which wanted the city ordered, sanitized, and amenable to regulation, and the Asian communities who lived and worked in colonial Singapore and had their own values, priorities, and resources. The result was an environment that embodied and expressed the tensions and negotiations, conflicts, and compromises between the different groups.

Make Oak Ridge Energy Efficient

Our Mission

Make Oak Ridge Energy Efficient (MORE2), in conjunction with the City of Oak Ridge Electric Department, is upgrading the homes of qualified Oak Ridge community members with free energy-efficient equipment, such as new HVAC and water heating units, which lowers electric bills, improves home comfort, and helps the environment.
