

Guarding Heaven

Detective Daniel Lambert had no idea that he was about to die. And the thought that he would soon find himself in Heaven was something he would never even have considered. Of course finding himself a Guardian in Heaven was just too bizarre to contemplate. But that is exactly what happened. As one of the selected, Daniel Lambert was hired by the powers that be to enforce the rules of Heaven. As one of Heavens Guardians, Daniel is teamed up with a nineteenth-century British Bobby. Even in Heaven there are those who think they are above the law and sometimes Daniel and his partner are forced to risk their very existence in bringing them to justice. From the top of Mt. Everest to the Nevada Desert; from Auschwitz to Barbados; the two Guardians encounter a wide spectrum of life in Heaven. Along the way Daniel falls in love with a young woman and when his newfound love is captured by a group of unrepentant thugs Daniel will risk his eternal existence to save her.
