

## Life: The American Immigrant (Life (Life Books))

Not just another American story, this is THE American story. The country's history as told through its people. Europeans? the British, the Irish, the Italians and all others? Africans-coerced, and in recent years, people from every corner of the globe. These people came to escape fear or famine, or merely to chase a dream. From the New York photography of Jacob Riis to Louis Hines mill girls portraits to the new-age California: Asian and Mexican and everything else. American Immigrant is a vibrant and colorful story expertly told through the renowned Life lens and commentary.
