

Nonstop Networking: How to Improve Your Life, Luck, and Career (Capital Ideas for Business & Personal Development)

Does the word networking make you cringe? Maybe that is why many shy away from the very skill that can help them personally and professionally. In *Nonstop Networking* author and personal marketing consultant, Andrea Nierenberg, reveals unique and easy-to-use strategies for linking-up with people in order to achieve mutual personal and professional goals. Based on five simple steps, Andrea's system is different from other networking techniques in that it focuses on comfortable and familiar techniques for building relationships and not on handing out business cards and asking for referrals. Readers will discover positive ways to network anywhere, any time and the secret of how to build relationships that will improve their life, luck, and career. Learn twelve techniques to use when approaching a room full of strangers, master eight sure-fire communications skills, discover the types of people you need in your network (and that may already be a part of your circle of contacts.) Are you shy or introverted? Learn networking techniques that capitalize on your natural abilities. Are you anxious about keeping track of all your contacts? Andrea presents an elegantly simple system for organizing and staying in touch with everyone in your network. Easy to read with many examples of personal success stories throughout, *Nonstop Networking* is a must have for recent graduates, job seekers, career changers, consultants, entrepreneurs, or anyone with a personal or professional goal to achieve.

Make Oak Ridge Energy Efficient

Our Mission

Make Oak Ridge Energy Efficient (MORE2), in conjunction with the City of Oak Ridge Electric Department, is

upgrading the homes of qualified Oak Ridge community members with free energy-efficient equipment, such as new HVAC and water heating units, which lowers electric bills, improves home comfort, and helps the environment.
