

Relationships

In Terry Carroll's first photography monograph, he features selected images from 1977 - 2007 guided by the title's broad theme: Relationships. It is a warm and playful collection of photographs from around the world, capturing telling moments of people and other creatures engaged in life. His overt optimism is presented with unusual sophistication and visual elegance. Through the course of the 137 photos in this visual journey, Terry Carroll builds from a somber funeral procession, through solitude, awakening, engagement, and into wide-ranging interactions -- between individuals and their environment -- toward a convincing argument for the simple good. His classic black-and-white photos are reproduced beautifully in rich duotone, and printed by the renowned Stinehour Press of Vermont. Relationships is a gorgeous and lively book, sure to delight. It will make a nice gift. A Limited First Edition of 750 copies, each is signed and numbered.
