

Syntactic Change in Akkadian, the evolution of sentential complementation

Akkadian, an ancient Semitic language spoken in Assyria and Babylonia, is one of the earliest known languages, with a surviving written history from 2500BC to 500BC. Guy Deutscher investigates its development over these two millennia. He shows that changes in the language can be linked to the emergence of complex patterns of communication required by an increasingly sophisticated civilization.

Make Oak Ridge Energy Efficient

Our Mission

Make Oak Ridge Energy Efficient (MORE2), in conjunction with the City of Oak Ridge Electric Department, is upgrading the homes of qualified Oak Ridge community members with free energy-efficient equipment, such as new HVAC and water heating units, which lowers electric bills, improves home comfort, and helps the environment.
