

# The Practice of U.S. Womens History: Narratives, Intersections, and Dialogues

In the last several decades, U.S. womens history has come of age. Not only have historians challenged the national narrative on the basis of their rich explorations of the personal, the social, the economic, and the political, but they have also entered into dialogues with each other over the meaning of womens history itself. In this collection of seventeen original essays on womens lives from the colonial period to the present, contributors take the competing forces of race, gender, class, sexuality, religion, and region into account. Among many other examples, they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants; how race and gender inequality pervaded the welfare state; and how color and class shaped Mexican American womens mobilization for civil and labor rights.

Make Oak Ridge Energy Efficient

Our Mission

Make Oak Ridge Energy Efficient (MORE2), in conjunction with the City of Oak Ridge Electric Department, is upgrading the homes of qualified Oak Ridge community members with free energy-efficient equipment, such as new HVAC and water heating units, which lowers electric bills, improves home comfort, and helps the environment.
