

## Attuned: Healing Your Creative and Intuitive Brain

A Passionate and Artful Book about Healing Your Creative & Intuitive Brain. Many books on the brain help you to have better memory or focus. This book helps you live a fuller, richer and more vibrant life through easily accessible fun and playful modalities such as singing, dancing and animal communication - to heal your intuitive and creative brain.

Attuned addresses the important questions: How did our brain get out balance? What effects does this have on your primary relationships? How can our brain be balanced through choosing the right foods?

How does emotional clearing heal the brain? What fun, playful things can we do each day to bring our brain into balance?

In doing these easily accessible exercises, we can have more ease in our lives, make better decisions and be an actor rather than a reactor. We can become emotionally intelligent to ourselves, each other and our environment. LIVE A FULLER, RICHER, MORE VIBRANT LIFE!
