

War: Vintage Civil War Library

Customer Reviews: I have read numerous books and have seen a lot of pictures about the Civil War. I would rate this book among the top ten percent in flow of the narrative and the presentation of photos as presented. **** One of the best of the genre. If you love reading of the era and listening to the way they spoke, you'll like it. *** The pictures are ones I've never seen before. The writing is a bit dated in being somewhat flowery...The lives blood of the sons of both north and south flowed...., but the book gives a clear view of only the major people and events of the Civil War, so it is a very good guide. It is a good narrative overview of the war.
